

DuroVac Continuous Duty Vacuums

DVR Series

The DuroVac "DVR" Regenerative Series vacuum combines ample storage and great suction with 99.9% filtration. Exclusive trouble free filter system lets you **take control of fine powders.**

The **super-efficient primary filter media won't easily blind**, so there is *never a drop in performance as the canister fills*. Now you can vacuum fines continuously without stopping work to clean the filters. And like all our portables, each model features an optional cartridge type inline filter that can easily be upgraded to a HEPA type filter.

Regenerative Series Common Features:

- super-quiet, continuous duty regenerative vacuum producer
- TEFC 3600 rpm high efficiency motor
- 30.8 sq. ft. of primary filter media
- filter efficiency of **99.99% @ 0.4 microns**, standard
- effective internal filter bag shaker
- 10" front wheels (with bearings), heavy-duty 5" rear casters
- Built in silencer for smooth, quiet operation
- heavy duty, all steel frame 29"w x 48.0"l x 75"h

Optional Features:

- inline filter for operator protection, easily upgrades to HEPA
- filter condition indicator
- forklift channels and crane lift on all systems

Regenerative Series Model Specific Features:

	DVR502	DVR602	DVR852	DVR1202
System Horsepower	5.0 Hp	6.1 Hp	8.5 Hp	11.5 Hp
CFM (Maximum)	219 scfm	219 scfm	385 scfm	385 scfm
Vacuum (Maximum)	113 " S.P.	129 " S.P.	125 " S.P.	141 " S.P.
Primary Filter (s.f.)	30.8	30.8	30.8	30.8
Secondary Filter (s.f.)	22.8	22.8	22.8	22.8
Storage (US Gal)	25.1	25.1	25.1	25.1
Noise Level @ 3ft	75 dBa	77 dBa	79 dBa	81 dBa
Weight	465 lbs.	496 lbs.	525 lbs.	555 lbs.

The **DVR502** is ideal for ultra-fine powders where you need 2" I.D. hose up to 50 ft long. Small and quiet, it's recommended for tough jobs like pigment color changes. Need more power? Choose the higher vacuum **DVR602**.

The **DVR85** is suitable for two operators each with a 1-1/2" I.D. hose x 50 ft. Its triple filter assures trouble free operation with ultra-fines. The **DVR1202** is the right choice for the heaviest material loads.

Makes the perfect little central vac! Supports a pipe system up to 300 ft long without modification.

All DVR vacuums normally require a pre-separator to collect bulk material. Contact your distributor for details. All models are available without wheels for use as a central vacuum system. Many options are available.

Hose and Cleaning Tools • Central Vacuum Tube and Fittings • Custom Controls
